PREMIUM VF IMPLEMENT TYRE

IM 4086 **MaX-FleX**

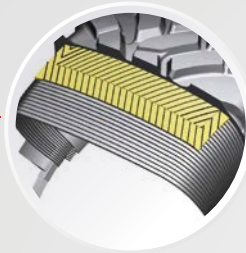

IM 4086

- IM4086 MaxFlex is a VF radial implement tire specially designed for modern farming, and suitable for haulage, hay harvesting and soil tillage applications.
- IM4086 has an extended product life cycle, whether it is used on soft or hard surfaces. The low rolling resistance during on road travel ensures significant savings in fuel consumption.
- Thanks to the VF technology, IM4086 can carry heavy loads at low inflating pressure. (40% more load at standard air pressure and same load at 40% lower air pressure when compared to a standard radial tyre)

SN	Size	Rim	SW	OD	SLR	RC	Tread Depth	LI
			(mm)	(mm)	(mm)	(mm)		
1	VF 380/55R16.5	AG12	360	830	362	2575	9	152D
2	VF 410/50R16.5	AG11.75	410	835	360	2537	9	153D
3	VF 480/45R17	16.00	491	866	367	2647	9	167D
4	440/55R18*	14.00	410	945	432	2893	9	159A8/B

FEATURES & BENEFITS

Construction

The steel-belted radial design ensures a robust and stable tire structure, delivering exceptional durability and high load-carrying capacity

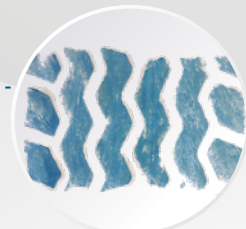

High Wear Resistance

The specially formulated tread compound for flotation tyre ensures exceptional wear resistance while delivering superior traction on road

Optimized Pattern Design

- Zig-zag tread center engineered for good lateral stability.
- Continuous center rib for good roadability.
- Optimized designed to minimize soil compaction and protect grass surfaces.
- Provides excellent flotation on soft soil and fields for improved performance.
- Excellent self-cleaning

Superior Footprint & Low Soil Compaction

A steel belted radial construction combined with optimized design delivers a wide footprint, ensures even load distribution and minimize soil compaction for optimal field performance

ABOUT TVS EUROGRIP

A foremost off-highway tyre manufacturer, part of TVS Mobility Group - one of India's largest auto ancillary conglomerates.

Have been manufacturing and exporting tyres to more than 85+ countries since the early 1990s.

Comprising a portfolio of over 1000+ products and expanding the range for markets worldwide.

Specializing in agriculture, construction, industrial and OTR segments.

World-class products with superior design and engineering.
